

ANNEX A20 - QUOTATION PRICE FORM - INGL/TENDER/2019/06
(BILL OF QUANTITIES & TIME SCHEDULE)

Line Item No.	Pipe Diameter (Inch & INGL Catalog No.)	Coating Type	Additional Description	Material & Specification Level	Minimum Wall Thickness (WT) [mm]	Delivery time Schedule at Destination DAP incoterms	Destination Place for DAP incoterms	Quantity [Meters]	Unit Price - Euro per Meter	Total Price for Pipes - Euro
Batch 1	36" 01-136-001	PE As per Specifications	Spiral / longitudinal welded, BE, PE coated Min. 4.5 [mm] Epoxy Lining	X70 API5L PSL2	17.80	No later than 27 weeks from Purchase order	INGL Warehouse or alternative Storage yard - Up to 60 km (road distance) from Ashdod port, Israel	19,000		
	36" 01-136-002	PP As per Specifications	Spiral / longitudinal welded, BE, PP coated Min. 6 [mm] Epoxy Lining	X70 API5L PSL2	17.80		INGL Warehouse or alternative Storage yard - Up to 60 km (road distance) from Ashdod port, Israel	1,000		
Batch 2	36" 01-136-001	PE As per Specifications	Spiral/longitudinal welded, BE, PE coated Min. 4.5 [mm] Epoxy Lining	X70 API5L PSL2	17.80	No later than 27 weeks from Purchase order	INGL Warehouse or alternative Storage yard - Up to 60 km (road distance) from Ashdod port, Israel	12,000		
Batch 3	48" 01-248-XXX	As per Specifications	Spiral/longitudinal welded, BE, Coated as per Specification Epoxy Lining	Minimum Requirement: X60, API5L PSL1 <u>Insert the type of Material Grade proposed:</u> X _____ API5L PSL1 (See note no. 2 below)	Minimum Requirement: WT 14.7 mm up to 18.5 mm <u>Insert the Wall Thickness proposed:</u> WT ____ mm (See note no. 2 below)	No later than 27 weeks from Purchase order	INGL Warehouse or alternative Storage yard - Up to 60 km (road distance) from Ashdod port, Israel	1,000		
Batch 4	24" 01-124-012	PE As per Specifications	Spiral / longitudinal welded, BE, PE coated Min. 4.5 [mm] Epoxy Lining	X70 API5L PSL2	12.70	No later than 27 weeks from Purchase order	INGL Warehouse or alternative Storage yard - Up to 60 km (road distance) from Ashdod or Haifa port, Israel	4,500		
	24" 01-124-011	PP As per Specifications	Spiral / longitudinal welded, BE, PP coated Min. 6 [mm] Epoxy Lining	X70 API5L PSL2	12.70			1,000		
Batch 5	18" 01-118-002	PE As per Specifications	Spiral/longitudinal welded, BE, PE coated Min. 4.5 [mm] Epoxy Lining	X52 API5L PSL2	12.70	No later than 27 weeks from Purchase order	INGL Warehouse or alternative Storage yard - Up to 60 km (road distance) from Ashdod or Haifa port, Israel	8,500		

The Following Notes shall apply to this Bill of Quantities & Time Schedule

"The Bidder" shall mean "The Supplier". "INGL" shall mean "The Company".

1. The Bidder shall quote for **only one type of welded pipe in each Batch**. i.e. Each Batch shall include a price proposal only for a spiral welded pipe or only for a longitudinal welded pipe.
2. The Item description shall be in accordance with INGL specifications.
3. **For Batch 3 (Casing Pipe) only - The Material grade shall be minimum of X60 and Wall Thickness (final and delivered to INGL) starting at minimum of 14.7 mm up to 18.5 mm. The Bidder shall insert in the Table above the Material Grade and the Wall Thickness proposed for Batch 3 according to the minimum and range stipulated in the Table above. The minimum Material Grade and Wall Thickness stipulated in the Table above shall apply and obligate a Quotation (price proposal) for Batch 3 in an event the Material Grade and Wall Thickness are not proposed by the Bidder.**
4. The **difference** between Minimum Wall Thickness (**final and delivered to INGL**) and Nominal Wall Thickness shall be chosen by the Bidder. The Bidder shall be responsible and ensure that the minimum wall thickness of the Pipes & Casing pipes is as required **and the same at any area of the pipes length**. The calculation for the nominal wall thickness is the Bidder's sole responsibility.
5. The Pipes & Casing Pipes must have 3.2 Quality Certificates, Euro 1 Certificate or Certificate of Origin.
6. The Pipes Delivery must include all Signed Quality Certificates and "Manufacturing Data Book" (Pipe Book), otherwise the Pipe shall be considered as "not received" by INGL.
7. The Bidder detailed production & delivery time schedule and the raw material manufacturer, shall be submitted by the Bidder to INGL within 2 weeks from the issuance of a Purchase Order.
8. The ITP and raw material certificates to be submitted by the Supplier to INGL at least 1 month before starting the production.
9. The unit prices are inclusive subject to DAP Incoterms 2010 Delivery Terms (VAT and Custom Clearance only imposed by Israel are not included). See Clause 15.3 to the Tender.
10. The above prices were quoted based on the above Table, The full Tender Documents, and took into account, the Specifications, including the requirements to buy the raw materials: (a) for the Pipes, from by one or more of the Approved Steel Manufacturers; and (b) for the coating of the Pipes by a manufacturer who is a member of the PE100+ Association, .as referred to in the Tender Documents.
11. Destination delivery place -
 - For Batches 1, 2 (36") & 3 (48") INGL has the option to decide at its sole discretion to replace the destination delivery place to 60km (road distance) from Ashdod Port, Israel, without additional payment.
 - For Batch 4 (24") and Batch 5 (18") INGL has the option to decide at its sole discretion to replace destination delivery place without additional payment, as follows:
 - (a) to 60km (road distance) from Ashdod Port or Haifa Port; or
 - (b) to Alternative destination 60km (road distance) from Ashdod Port, however unloading at this option shall be only with **one crane**.
12. Shipment of pipes to INGL may be separated per each of the Batches separately at INGL's sole discretion. However, each shipment for one Batch shall not be splitted unless agreed by the Company and the Supplier.

We hereby confirm the following on behalf of the Bidder:
