

International Public Tender for the Manufacture and Supply of Plug Valves

Israel Natural Gas Lines Ltd. (the "**Company**"), an Israeli governmental owned company, hereby invites manufacturers of Plug Valves for high pressure natural gas transmission system ("**Plug Valves**") to submit bids for being qualified as an approved suppliers in the Company's list of Approved Suppliers from which the Company may order Plug Valves (the "**Tender**").

The List of the Approved Suppliers and the Contracts signed with the Approved Suppliers shall be valid for 5 years and the Company may extend such period for additional 2 years.

Threshold Requirements

(A) Bidder's Structure

The Bidder must be one legal entity duly organized and validly existing under the laws of the jurisdiction in which it was organized and shall not be either a joint venture or consortium or an unregistered partnership.

(B) Qualifications & Capabilities

The Bidder:

- (1) Held as of January 1, 2014 and currently has in place a valid API 6D certificates indicating the Bidder's capability to manufacture Plug valves; and
- (2) Is in full compliance with the NEN3650 Dutch standard and with all of the requirements and specifications set forth in the technical Tender Documents; and
- (3) Has in place a management system that is certified as ISO 9001 compliant or a management system that meets the ISO 9001 certification requirements.

(C) Professional Experience

- (1) The Bidder is a **manufacturer** of Plug Valves for high pressure (of at least 70 bar) natural gas transmission at least since the year 2014.
- (2) The Bidder manufactured and supplied, during the period as of January 1, 2014 until the Last Submission Deadline Plug Valves meeting all the following criteria:
 - (a) Designed as "class 600" and for pressure of at least 70 bar.
 - (b) The supply included at least 50 Plug valves (one piece body lubricated and below ground type of valves) in a diameter equal to or greater than 6", from which at least 15 Plug valves were in a diameter equal to or greater than 10".
 - (c) Were manufactured by the Bidder at its plant located in current High Income OECD member countries and were supplied (directly or indirectly) for the use in a natural gas transmission system or project.

For compliance with the above Professional Experience, assembly only of Plug Valves from parts manufactured by others shall not be recognized as "Manufacturing". i.e. The Bidder shall execute critical manufacturing activities at its plant

(D) Financial Requirements

The Bidder's last audited financial statements does not include a "Going Concern" notice.

(E) General Requirements

- (1) The Bidder is not listed as an entity whose activity in Israel and the economic activity of Israeli entities with are limited or prohibited.
- (2) Israeli Bidder shall hold and submit all the approvals required pursuant to the Law of Transactions of Public Entities, 1976.

Quality Evaluation

Obtaining a Quality Score of at least 75 points and at least 50% points allocated for each main category examined in the Quality evaluation, is a precondition for qualification.
